

🚧 Heads Up: Water Main Break Thursday October 17th 🚧

Our crews are currently working to isolate a water main break on Pearl Street near Reynolds Avenue and just West of the bus lane at the Middle School.

Once we locate the break, saw cut the road and open up a trench, we will need to shut down a portion of the water line for a couple of hours to complete the repair. We will do our best to minimize the number of affected properties and restore service as quickly as possible.

This break will not impact service to the Middle School, but there will be a temporary interruption of service for all of West Pearl Street, the North End of Reynolds Avenue, and the Summer Hill Development. We are hoping to get the work completed before the end of the school day so as not to interfere with the dismissal of students, but we ask that anyone picking up their child later today use caution in the area. We do not anticipate any impacts to buses.

We are working with the school to minimize any impacts

We apologize for the inconvenience and appreciate your patience.
